Kansas, the Sunflower State, is a Midwestern state known for its vast wheat fields, rich history, and friendly people. Beyond these charming attributes, Kansas is a treasure trove of statistical data that paints a comprehensive picture of the state.

Demographics

- Population: 2,937,880 (2020)

- Median age: 38.3 years

- Racial makeup:

  - White: 83.2%

  - Hispanic or Latino: 11.7%

  - Black or African American: 5.8%

  - Asian: 2.3%

Kansas's population has been steadily growing, with a population increase of 3.2% from 2010 to 2020. The state's population pyramid indicates a

relatively young population with a slightly larger proportion of males than females.

Economy

- Gross Domestic Product (GDP): $167.6 billion (2020)

- Median household income: $67,551

- Unemployment rate: 3.8% (2023)

- Major industries:

    - Agriculture

    - Manufacturing

    - Transportation

    - Tourism

Kansas has a diverse economy with a strong agricultural sector and a growing manufacturing industry. The state's low unemployment rate and relatively high median household income make it an attractive place for businesses and residents alike.

Healthcare

- Health insurance coverage: 91.5%

- Number of hospitals: 140

- Number of physicians: 6,600

- Infant mortality rate: 6.2 deaths per 1,000 live births

Kansas has a solid healthcare system with a high rate of health insurance coverage and a low infant mortality rate. The state's healthcare infrastructure is well-developed, with a sufficient number of hospitals and physicians to meet the needs of its population.

Education

- Literacy rate: 93.5%

- Percentage of adults with a high school diploma or higher: 91.2%

- Percentage of adults with a bachelor's degree or higher: 28.5%

- Number of public school students: 494,420

Kansas has a strong education system with high literacy and graduation rates. The state invests heavily in public education, and its universities are consistently ranked among the best in the nation.

Quality of Life

- Life expectancy: 79.6 years

- Violent crime rate: 328 per 100,000 people

- Property crime rate: 1,858 per 100,000 people

- Cost of living: 89.2% of the national average

Kansas offers a high quality of life with a long life expectancy, low crime rates, and an affordable cost of living. The state's friendly communities and beautiful natural landscapes make it an ideal place to live, work, and raise a family.

Kansas is a vibrant and dynamic state with a rich history and diverse population. The statistical portrait painted by the numbers reveals a state with a strong economy, a well-developed healthcare system, a high-quality education system, and an enviable quality of life. As the Sunflower State continues to grow and evolve, its statistical profile will undoubtedly reflect the resilience and determination of its people.
