## What is Visual Wheel Mapping?

Visual Wheel Mapping is a technique that uses a series of 10 charts to represent the different dimensions of an individual's life. These charts include:

- The Core Values Chart
- The Beliefs and Attitudes Chart
- The Emotional Intelligence Chart

- The Health and Wellness Chart

Each chart is divided into different sections, representing specific aspects of the corresponding dimension. For example, the Life Purpose Chart includes sections for purpose, mission, values, and gifts.
