1. **Start with a basic sketch of the body.** The basic shape of the body should be a rectangle, with the head at the top and the feet at the

bottom. The arms should be extended out to the sides, and the legs should be slightly bent.

2. **Add in the details of the muscles.** Wrestlers have very muscular bodies, so it's important to add in the details of the muscles in your drawing. The main muscle groups to focus on are the chest, back, shoulders, arms and legs.
3. **Add in the details of the clothing and face.** The clothing that wrestlers wear is usually very simple, so it's not too difficult to add in the details. The face is a bit more complex, but you can use the same basic techniques that you would use to draw any other face.
4. **Use shading and highlights to create a sense of depth and movement.** Shading and highlights can be used to create a sense of depth and movement in your drawing. By darkening the areas that are closest to the light source and lightening the areas that are furthest from the light source, you can create a sense of three-dimensionality.

How to Draw Figure Skaters

Figure skaters are known for their graceful and athletic movements. To draw a figure skater, start by sketching out the basic shape of the body. Then, add in the details of the clothing, hair and face. Finally, use shading and highlights to create a sense of depth and movement.

1. **Start with a basic sketch of the body.** The basic shape of the body should be a rectangle, with the head at the top and the feet at the bottom. The arms should be extended out to the sides, and the legs should be slightly bent.

2. **Add in the details of the clothing.** Figure skaters wear very elaborate costumes, so it's important to add in the details of the clothing in your drawing. The costume should be flowy and graceful, and it should show off the skater's body.
3. **Add in the details of the hair and face.** The hair and face are important features of a figure skater, so it's important to add in the details of these features in your drawing. The hair should be flowing and graceful, and the face should be expressive and beautiful.
4. **Use shading and highlights to create a sense of depth and movement.** Shading and highlights can be used to create a sense of depth and movement in your drawing. By darkening the areas that are closest to the light source and lightening the areas that are furthest from the light source, you can create a sense of three-dimensionality.

How to Draw Baseball Players

Baseball players are known for their athleticism and their ability to hit, field and throw a baseball. To draw a baseball player, start by sketching out the basic shape of the body. Then, add in the details of the clothing, equipment and face. Finally, use shading and highlights to create a sense of depth and movement.

1. **Start with a basic sketch of the body.** The basic shape of the body should be a rectangle, with the head at the top and the feet at the bottom. The arms should be extended out to the sides, and the legs should be slightly bent.
2. **Add in the details of the clothing.** Baseball players wear a uniform that consists of a jersey, pants and a cap. It's important to add in the

details of the uniform in your drawing, including the team logo and the player's number.

3. **Add in the details of the equipment.** Baseball players use a variety of equipment, including a bat, a glove and a helmet. It's important to add in the details of the equipment in your drawing, including the brand and the model.
4. **Add in the details of the face.** The face is an important feature of a baseball player, so it's important to add in the details of the face in your drawing. The face should be expressive and show the player's personality.
5. **Use shading and highlights to create a sense of depth and movement.** Shading and highlights can be used to create a sense of depth and movement in your drawing. By darkening the areas that are closest to the light source and lightening the areas that are furthest from the light source, you can create a sense of three-dimensionality.

How to Draw Football Players
